

PROFITTO

# RISK DISCLOSURE

This document is a disclosure by Profitto Ltd (“Company”), which provides the service to the Client under the terms and conditions of the Client Agreement, of the potential risks involved in trading on financial markets. The Client should first and foremost be aware of the potential losses associated with this activity. However, due to the wide range of possible scenarios, this document cannot disclose all risks inherent in trading on financial markets. The terms used in this document have the same meaning as defined in all other terms and policies located on the Company’s website.

Foreign exchange (Forex) trading online carries a high level of risk and may not be suitable for all investors. Therefore, please ensure that you have carefully considered your investment objectives, level of experience, and risk tolerance before attempting to trade Forex on profitto.com.

As with every investment, there is a possibility that you could sustain a loss of some or all of your initial investment. Therefore you should not invest money that you cannot afford to lose. You should be aware of all the risks associated with Forex trading online and seek advice from an independent financial advisor if you have any doubts.

The above limitation may not apply to those who live in or are under the states/ jurisdictions that forbids the exclusion or limitation of liability for consequential or incidental damages. Please discontinue using our services if you are dissatisfied with any portion of the services or with any of these terms.

## EFFECT OF “LEVERAGE”

When executing trading operations under margin trading conditions, even small market movements may have great impact on a Client’s trading account due to the effect of leverage. The Client must consider that if the trend on the market is against them, the Client may sustain a total loss of their initial margin and any additional funds deposited to maintain open positions. The Client shall hold full responsibility for all risks, financial resources used and the chosen trading strategy.

## HIGHLY VOLATILE INSTRUMENTS

Many instruments are traded within wide ranges of intraday price movements so the Client must carefully consider the fact that there is not only high probability of profit, but also of loss.

## RISK WARNING

Trading Foreign Exchange (Forex) and Contracts for Differences (CFD’s) is speculative and carries a level of risk that may not be suitable for all persons interested in trading online. You may sustain a loss of some or all of your invested capital, therefore, you should not speculate with capital that you cannot afford to lose.

You also acknowledge that past performance of any Company’s Mentors is not a reliable indicator of their future performance.

## TECHNICAL RISKS

Company is not responsible for financial losses arising from malfunctions in your electronic, communication, or information systems. When working with the client terminal, you assume the risks arising from:

- a. Failures in your equipment, software, and internet connection.
- b. Errors in your client terminal settings.
- c. Failure to update your version of the client terminal in a timely manner.
- d. Your failure to follow the instructions for using the client terminal.

Company is not responsible for errors that occur in the operation of the client terminal and will not compensate losses resulting from errors in the operation of the client terminal.

Any technical fault may occur using caused by third party, including but not limited to liquidity provider or platform provider which caused any delays in execution, unavailable volume or price, and any other form of failure, Company holds the right to cancel the trades.

## ABNORMAL MARKET CONDITIONS

The Client shall acknowledge that under abnormal market conditions, the execution time for Client instructions may increase.

## TRADING PLATFORM

The Client shall acknowledge that only one request or instruction is allowed in the queue. Once the Client has sent a request or instruction, any other request or instruction sent by the Client will be ignored. In the "Order" window, the "Order is locked" message will appear.

The Client shall acknowledge that the only reliable source of quoting information is the server for Clients with live accounts. The quote base in the client terminal shall not be considered a reliable source of quoting information, as in the case of a bad connection between the client terminal and the server, some of the quotes simply may not reach the client terminal.

The Client shall acknowledge that when the Client closes the window to place/modify/delete an order, as well as the window to open/close a position, the instruction or request which has been sent to the server will not be cancelled.

The Client shall assume the risk of executing unplanned transactions in the case that the Client sends another instruction before receiving the result from the instruction sent previously.

The Client shall acknowledge that if an order has already been executed but the Client sends an instruction to modify the level of a pending order and the levels of Stop Loss and/or Take Profit orders at the same time, the only instruction that will be executed is the instruction to modify the Stop Loss and/or Take Profit levels on the position opened on that order.

## COMMUNICATIONS

The Client shall assume the risk of any financial loss caused by the Client either not receiving a notification from the Company.

The Client shall acknowledge that unencrypted information transmitted by email is not protected from unauthorized access.

The Client shall agree that the Company have the right to delete messages sent to the Client through internal mail 3 (three) days after they have been sent, despite the fact that the Client may not have received them yet.

## LANGUAGE DISCREPANCIES

This Policy has been drafted in the English language. In the event of any discrepancy between the meanings of any translated versions of this policy and the English language version, the meaning of the English language version shall prevail.
